

INTERNATIONAL ONE HEALTH FOR ONE PLANET EDUCATION INITIATIVE (1 HOPE)

- VISION** A world where people of all ages embrace a *One Health & Well-Being (OHWB) approach* recognising the interdependencies among humans, animals, plants and their shared environment.
- AIM** Build global capacity for promoting and valuing the OHWB concept and approach as the foundation for achieving the *UN-2030 Sustainable Development Goals (SDGs)*.
- CONTRIBUTORS** Individuals/organisations from education and community groups invited from global regions – currently over 200 from 44 nations – all global regions!
- MOTIVATION** Striving to create a “more just, sustainable and peaceful world” (*UN-2030 Global Goals*): adopting the OHWB concept and educating the next generation of global citizens about the fragile and interconnected nature of the health and well-being of *all* living organisms at this time of unparalleled planetary change.
- WORKING GROUPS** Drawn from and targeting Primary/Secondary/Tertiary education sectors and community/civil society, corporate and government/intergovernmental/non-governmental organisations.
- COMMON 1 HOPE QUEST** To foster learning about the OHWB approach and the SDGs at all levels of formal education and to raise awareness of the long-term value of OHWB and SDG strategies in all sectors of our global community.
- FOCUS** Explore possibilities (local, country, regional, global) and **develop draft project proposals** (e.g., curricula, resources, conferences, policy) *by early 2020* – seeking funding from national/regional/global organisations to accomplish *1HOPE* stated aims.
