Consortium of Universities for Global Health 5th Annual Conference

Universities 2.0: Advancing the Global Health Agenda in the Post-MDG Era

May 10-12, 2014 | Washington, DC | www.2014CUGHconference.org | info@2014CUGHconference.org

CUGH's global health conference will bring together over 1500 leaders, researchers, policymakers, educators, and students from academia, NGOs, government, the private sector and international institutions. Diverse fields that include medicine, engineering, business, law, communications, nursing, dentistry, veterinary sciences, environmental studies and the social sciences will be represented. Join us at this important event to learn, network, and build collaborations with colleagues from around the world to address the global health challenges we face. For more information visit: www.2014CUGHconference.org.

Consortium of Universities for Global Health

MAKING THE UNIVERSITY A TRANSFORMING FORCE IN GLOBAL HEALTH

MISSION

The Consortium of Universities for Global Health (CUGH) facilitates interdisciplinary collaborations and knowledge sharing to address global health challenges. It assists members to strengthen their global health programs and share their expertise across education, research, and service. It is dedicated to creating equity and reducing health disparities everywhere. CUGH promotes mutually beneficial, long-term partnerships between universities in resource-rich and resource-poor countries to develop human capital and strengthen institutions' capabilities to address these challenges. It is committed to translating knowledge into action.
