

**American Veterinary Medical Association (AVMA) President Issues Strong One Health Endorsement and Challenge – Posted One Health Initiative website Friday, August 17, 2012**

## **American Veterinary Medical Association (AVMA) President Issues Strong One Health Endorsement and Challenge**

**Provided exclusively to the One Health Initiative website August 17, 2012 by the recently inaugurated AVMA President Dr. Douglas G. Aspros:**

**“One Health must be the vision for human, animal and environmental health in the future. We recognize the biologic connections between humans and animals and must use that knowledge to improve the health and welfare of all. The days of working in our separate silos are over.”**

Douglas G. Aspros, DVM

President

American Veterinary Medical Association
