“One Health is the collaborative efforts of multiple disciplines working locally, nationally, and globally to attain optimal health for people, animals, plants and our environment.”

“One Health implementation will help protect and/or save untold millions of lives in our generation and for those to come.”

“Between animal and human medicine there are no dividing lines--nor should there be.” Rudolf Virchow, MD (the father of cellular pathology)

Notice: Important Groundbreaking Event Scheduled for 2013 in Brussels, Belgium!

June 5th and 6th, 2013

World Research and Innovation Congress - Pioneers in Healthcare
The Steigenberger Grand Hotel
Brussels, Belgium

“World Research and Innovation Congress - Pioneers in Healthcare promises to provide a unique opportunity for those facilitating and effecting change within their field to interact and collaborate on the critical issues facing healthcare research today. Bringing together researchers from across the world, this is more than just an event: it is the sharing of over 500 research stories and experiences, and will offer the opportunity to build partnerships, promote collaboration and drive innovation.”

Jack Woodall, PhD

<http://www.onehealthinitiative.com/publications/Jack%20Woodall%20Biography%20July%202012.pdf> will be the speaker representative for the **One Health Initiative Autonomous *pro bono* Team:**
Laura H. Kahn, MD, MPH, MPP ▪ Bruce Kaplan, DVM ▪ Thomas P. Monath, MD ▪ Jack Woodall, PhD ▪ Lisa A. Conti, DVM, MPH

Dr. Woodall's topic:

“The One Health Initiative Movement's International Innovative Impact on Global Health: Addressing an Essential One Health Paradigm Shift” at 11.30 a.m. on the 5th of June 2013. This is a formal presentation which should last for 30 minutes including time for Q&A.
